Diagnostic and Interventional Endoscopy

ABOUT

Diagnostic and Interventional Endoscopy (Diagn Interv Endosc) is a peer reviewed, open access, online-only journal published by the Turkish Society of Gastrointestinal Endoscopy (TSGE).

Diagnostic and Interventional Endoscopy is a triannual journal published in English in April, August, and December.

Diagnostic and Interventional Endoscopy currently indexed in DOAJ and EBSCO.

Diagnostic and Interventional Endoscopy aims to publish studies of the highest scientific level on diagnosis, and treatment of digestive diseases.

Diagnostic and Interventional Endoscopy covers a wide range of topics related to gastrointestinal endoscopic procedures. The journal is interested in publishing original research that addresses important clinical questions and advances the understanding and treatment of these conditions.

Diagnostic and Interventional Endoscopy publishes clinical and basic research articles, case reports, reviews, image of the month, letters to the editor, editorial comments, technical note, short communications, and brief reports.

The target audience of the journal includes specialists, researchers and professionals who are working and interested in the field of gastrointestinal endoscopic procedures.

Advertisement Policy

Diagnostic and Interventional Endoscopy accepts digital advertisements on its website. These ads must be approved by the journal's Editorial Board and management, and must be clearly labeled as advertisements. Advertisers have no influence on editorial decisions or advertising policies.

Those interested in advertising in the journal should contact the Editorial Office

Disclaimer

The statements or opinions expressed in the manuscripts published in the journal reflect the views of the author(s) and not the views of the editors, editorial board, and/or publisher. The editors, editorial board, and publisher are not responsible for the content of the manuscripts and do not necessarily endorse the views expressed in them. It is the responsibility of the authors to ensure that their work is accurate and well-researched, and the views expressed in their manuscripts are their own. The editors, editorial board, and publisher simply provide a platform for the authors to share their work with the scientific community.

Open Access Statement

Diagnostic and Interventional Endoscopy is an open access publication.

All content published in the journal is licensed under the Creative Commons Attribution-NonCommercial (CC BY-NC) 4.0 International License which allows third parties to use the content for non-commercial purposes as long as they give credit to the original work. This license allows for the content to be shared and adapted for non-commercial purposes, promoting the dissemination and use of the research published in the journal.

All published content is available online, free of charge at <https://diagnintervendosc.org/EN>.
